

BIG BATTLE OVER Beds

Russians advance slowly but there is little fighting

NEWS FROM PORT ARTHUR

Japs have suffered enormous losses before Port Arthur. Planning another attack

END OF THE BIG BATTLE.

Mukden, October 20th via Pekin October 20th.—The big battle has practically worn itself out leaving the two armies facing each other with the Shalhe river as the dividing line.

An exchange of artillery fire continued all day on October 18th and 19th, the Russian centre advancing slightly each day under a heavy shell fire. In the left the Russians are in good position on a high ridge overlooking the river which they have held since October 16th despite an almost continuous bombardment and frequent infantry attacks. On the right the Russians are using mortars in an endeavor to dislodge the Japanese from a hill in the last plain. Owing to the floods it would be necessary to use pontoons in crossing the river which has not been bridged.

THE SITUATION AT PORT ARTHUR.

Chicago, October 21.—A special to the Daily News from Chefoo says: "According to a camp follower, who has been for some time with the Japanese army now besieging Port Arthur, the number of Japanese killed before the forts has reached 50,000. He says the Mikado's men recklessly attacked the strongest positions making wild rushes in masses. The soldiers were stripped of their accoutrements and clothing. The result was that the Russian machine guns mowed them down. He also asserts that there is some talk among the officers and men that leads to the belief that the Japanese mean to try to carry the inner forts and citadel this month."

THE ROORBACH NAILED

Hon. G. A. Blair denies having any intention to oppose the Government. Will not deny his acceptance of a C. P. R. position.

Ottawa, October 21.—Hon. A. G. Blair sent his resignation, in the first place, direct to the Governor General at the same time notifying Sir Wilfrid Laurier that he had done so. In case that this was not the regular procedure Mr. Blair has now forwarded his resignation to the Secretary of State, Hon. R. W. Scott, who received it to-day. Mr. Blair has replied to Richardson saying that he has no intention of taking the stump in Brandon or anywhere else against the government.

Montreal, October 21.—The Herald to-day states that Hon. A. G. Blair has decided to accept the managership of the Lake of the Woods Milling Company at a salary of \$20,000 a year. A general meeting of the company is to take place on October 26th.

ST. CLAIR TUNNEL WRECK

Bulletin Special Despatch.
Sarnia, Ont. October 21.—The coroner's jury, in the case of the St. Clair tunnel victims, has brought in a verdict urging better equipments for ventilating the tunnel and also suggesting that the railway commission investigate what means should be adopted to prevent the loss of life in the future.

TO DISCUSS RELATIONS

Bulletin Special Despatch.
Toronto, Ont. October 21.—The executive of the Canadian Manufacturers' Association held a meeting to-day to consider the appointment of a committee to meet a committee of the Dominion Trades and Labor Congress, with the object of discussing better relations between employer and employees.

THE NEW LIGHT PLANT

The machinery for the new electric light plant has now all arrived at Edmonton. Part of the new machinery, the 225 kilowatt alternator, has been installed. This enabled the plant to supply all the municipal lights and at their full power. The power house however is still a busy place owing to the installation of an additional 450 kilowatt alternator which is proceeding with all possible despatch.

Part of the floor of the power house has been removed and concrete foundations for the boilers have been completed. The work of putting in the rest of the new machinery will not be entirely completed for about two months. The engine plant will consist of two 600 horse power compound engines. The exciter engines are of 30 h. p. and are directly connected to the 22 kilowatt exciters which form a part of the power generating plant. The electrical plant will consist of two Builock three phase alternators. These are directly connected with the engine. The new engines and alternators are situated one on each side of the old dynamo. One of these has been installed; the work on the other is progressing rapidly.

The new boiler plant, consisting of two Babcock and Wilcox double tank water tube boilers will have a capacity of 600 h. p. each.

When the work of installation has been completed the electric light plant will have two large alternators, one 225 kilowatt now in operation and the other 450 kilowatt. Formerly there has only been one alternator and if anything went wrong with it, the town would be in darkness until the necessary repairs could be made. The second alternator will circumvent this difficulty and will afford sufficient

capacity for 15,000 lights. Another advantage of the two alternators is that power can be supplied to any part of the city for the operation of motor engine, electric cars, etc.

The new electric light plant complete, is one of the most perfect of its kind and will be of sufficient size and capacity to supply the municipal electric lighting system for some time to come.

DELEGATE VISITS EDMONTON

Geo. Schorl and W. M. Achenbach arrived in the city last evening from Gladbrook, Ill. Mr. Schorl is a partner in a large real estate firm in Gladbrook, which has very extensive land holdings in the Edmonton district. Mr. Achenbach is a wealthy and influential German farmer of the Gladbrook district. His mission to Edmonton is to spy out the land in Northern Alberta and to select extensively for a large number of farmers. They will come to this district on Mr. Achenbach's recommendation and besides purchasing extensively in C. P. R. lands, will take up homesteads for their sons. In this way it is expected that a large emigration will be worked up from Gladbrook to the Edmonton district.

Mr. Schorl's firm have taken several parties of land seekers to this district this year, and report very great interest in Northern Alberta. They state that the people of Illinois who contemplate coming to Western Canada are holding back to see whether or not the Grand Trunk Pacific railway will be ratified by the people of Canada or not. In coming to Northern Alberta they know that they have to go out considerable distances to secure land, and do not care to do so unless assured of immediate and competitive railway construction, such as the building of the G. T. P. would insure.

Messrs. Schorl and Achenbach left this morning for an extensive drive through the country east of Edmonton.

LAYS CORNER STONE

Bulletin Special Dispatch. Ithaca, N.Y., October 19.—Goldwin Smith, of Toronto, Ontario, today laid the corner stone of the Hall of Humanities at Cornell University, which bears his name, and is being constructed at a cost of \$20,000. University exercises were suspended during the laying of the corner stone. President Jacob Schurman, former president of Cornell and Rev. White and Charles Melony were present. President Schurman said in the dedicating to Goldwin Smith Cornell honored him as one of its earliest professors, who came to the youngest from one of the oldest English speaking universities—Oxford—as one of the truest friends of the university and the United States, and friend of democracy. He was among nations, and as an example of the highest culture.

RE-MARRIAGE FOR INFIDELITY

Bulletin Special Dispatch. SUPREME COURT

A case of particular interest to Calgary came up the first of the week at the sittings of the Supreme Court en banc at Regina.

This is an application on behalf of George H. Lloyd who was convicted before Col. Sanders at Calgary on September 10 for assaulting Jane Hastings. Lloyd was employed on September 1 in plowing fire guards for the C. P. R., and relying on the authority of an ordinance of 1903 was going to enter the premises of Hastings to plow a guard. At the gate he was met by Mrs. Hastings, who stopped him and two other men each having four horses. Just here arises a dispute in testimony. Mrs. Hastings says that Lloyd assaulted her, and one of the men says that Mrs. Hastings went for Lloyd with a knife. But however this may be, Lloyd took the woman by the wrists and held her while the other men passed through the gate. On the hearing of the charge of assault preferred against Lloyd, Mr. R. B. Bennett, of Calgary, acted as counsel for Lloyd, and Mr. Short for Mrs. Hastings. After the examination of complainant and her daughter, one of Lloyd's witnesses was being examined when the learned counsel commenced an exciting discussion regarding the admission of certain evidence. The magistrate, Col. Sanders, intimated that in any case he was not going to take into consideration the prairie Fire Ordinance of 1893, the provisions of which, Mr. Bennett urged, justified Lloyd's action. Mr. Bennett was protesting respectfully against the justice's course as prejudicing his client's case, when Col. Sanders ordered a quibble to "put that man out," and Mr. Bennett was walked out of the court by the arm. Lloyd followed and requested Mr. Bennett

to remain, as he could not proceed without a lawyer. Mr. Bennett thereupon returned into court, and the order was again issued, to "put that man out," which was done and the case adjourned till three o'clock in the afternoon. At that hour Lloyd appeared, accompanied by Mr. Bennett. Col. Sanders refused to hear him, and again gave instructions for him to be put from the court. Mr. Bennett protested and said that he appeared there as an advocate of the North-West Territories. He was removed however. He again returned and took a seat on the public benches. Upon the constable being again ordered to put him out, Mr. Bennett stated that he was present merely as an ordinary citizen and spectator. The case proceeded without the intervention of Mr. Bennett, and Lloyd was fined a dollar and costs without any more witnesses being heard on his behalf, as he could not get a lawyer. Application is now made to the fall court to set aside the conviction, on the ground, among others, that the defendant was not allowed as the code directs, to have his witnesses cross-examined by counsel, and also on the ground that the place where the trial was held, was not an open court. Mr. Bennett, having been ejected after stating that he was there merely as a private citizen. The application for a writ of certiorari was granted, and the appeal will be heard on its merits at the next sitting of the fall court at Calgary in January.
